

I am writing to strongly express my view that the FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections.

Indiana's Telephone Privacy law has improved my time at home. It has been particularly effective in preventing all types of unsolicited and unwanted telephone calls. I used to receive 10 to 15 calls per week, now I only receive one or two.

Any legislation that equals or strengthens the levels of privacy of Indiana's Telephone Privacy Law will be welcome by a vast majority of citizens.
